4 ROAMING RATES

4.1 MAKING AND RECEIVING CALLS

Call costs are per minute, Texts per text and Data per MB

When in Zone 1 calls to the UK and In Zone, Texts and Data¹ use come out of your bundle. If you don't have a data bundle, data is 7.2p per MB. If you exceed the data allowance as per the EU roaming fair-use policy you'll be charged 5p per MB. You won't be charged to receive calls or texts.

A one minute minimum charge applies to calls made and received in Zones 2-7. Calls longer than the minimum are billed per second.

From	Calling UK and In Zone	Calling Out of Zone	Incoming Calls
Zone 1	20p	£1.55	0
Zone 2	5p	£1.55	6p
Zone 3	35p	£1.55	6p
Zone 4	25p	£1.55	6p
Zone 5	£1.15	£1.55	55p
Zone 6	£2.30	£2.30	80p

¹ Data use when EU roaming is subject to our EU roaming fair-use policy. Please see "EU ROAMING FAIR-USE POLICY" for more information.

4.2 MESSAGING AND DATA

From	SMS	MMS	Data
Zone 1	20p	32p	5p
Zone 2	6p	55p	3p
Zone 3	15p	55p	3p
Zone 4	30p	55p	10p
Zone 5	55p	55p	£1.18
Zone 6	55p	55p	£2.64

4.3 ROAMING ZONES

5 ADDITIONAL CHARGES

Item	One-off charge
Replacement SIM card	£5

6 SERVICE NOTES

6.1 MOBILE BILL LIMITS

All new customers have the opportunity to set a bill limit when signing up to a new contract. Existing customers can add a limit if they switch to one of our new bundles. Customers can set a spending limit for calls that are not included in their bundle (such as international calls), and they won't be charged more than that. Other bill charges still apply (if you have broadband and line rental, or a paper bill charge, for example) and not all mobile calls will be included in the limit. For instance, the "service charge" of calls to 084, 087, 09 and 118 calls is outside the limit, and you will always be charged for this. If you use your mobile to pay for services (eg MPAY) or make donations, these will also be outside of your limit.

6.2 FAIR USAGE POLICY

Our mobile services are designed for your personal, non-commercial use. We monitor the traffic on our network and will take steps to suspend any numbers that we reasonably suspect do not conform to personal use.

Indications of non-personal use may include, but are not limited to:

- Dialling more than 99 unique numbers within a 30 day period
- Texting more than 99 unique numbers within a 30 day period
- Sending more than 3000 texts within a 30 day period
- Making calls predominantly to 087 or 084 numbers, international calling cards, or call cashback services
- Making multiple calls or sending multiple SMS at once or within very short intervals of each other

You are responsible for monitoring your usage and will be charged for any use above your monthly bundle allowance. We reserve the right to block your access to services if we believe your usage to be excessive. Your inclusive allowance will be reset on the first working day of the following month.

Calls, texts and data² used while roaming in the EU (and selected other countries) are included in your bundle, or charged as per UK use where bundles have not been applied or have been exhausted. Our service is intended for use mostly within the UK, so if we see that you spend more time abroad than in the UK and use more services abroad than in the UK in any four month period, we may contact you to clarify your residential status.

You will have 14 days to respond, after which we may apply a small surcharge to your published roaming rates. This surcharge is currently capped (inc VAT) at:

- 3.2p per minute of voice calls
- 1p per SMS
- 0.62p per MB of data

² Data use when EU roaming is subject to our EU roaming fair-use policy. Please see "EU ROAMING FAIR-USE POLICY" for more information.

In order to prevent fraud and to protect customers against instances of "bill shock," we will take action to restrict your services if we believe your use of the service in any calendar month to be excessive.

6.3 UNLIMITED DATA BUNDLE FAIR-USE POLICY

Usage above the threshold of 500GB/month will be considered to be non-personal use and traffic management controls can be applied to deprioritise your mobile traffic, reduce speeds or block access to access to the service.

We reserve the right to modify this threshold at any time.

6.4 EU ROAMING FAIR-USE POLICY

Data use when roaming within Zone 1 is limited to the below allowances depending on your chosen bundle:

Bundle	1GB	3GB	10GB	30GB	100GB	Unlimited Data
Fair usage EU Roaming Cap	512MB (50%)	768MB (25%)	2.5GB (25%)	7.5GB (25%)	25GB (25%)	25GB

Usage above these allowances will be charged at the rate of 5p per MB. We reserve the right to modify this threshold at any time.

6.5 ENDING YOUR CONTRACT

You may end this agreement at any time, and close your account or switch your service to a different provider. If you close your account or terminate your contract within the Minimum Period, and your contract includes mobile airtime or mobile data with a mobile device then you will need to pay a termination fee. The termination fee will be your recurring monthly contract value (for airtime and data plus mobile device), minus the airtime and data costs, multiplied by the number of months remaining in your contract.

You can start the switching process by texting "PAC" to 65075 to request a PAC code (to move your number to another provider) or "STAC" to 75075 to request a STAC (to move your service but not your number to another provider). You can also text "INFO" to 85075 to find out what your termination fee would be.

If you have ended this agreement because we don't do something fundamental that we should have done under this agreement (for example, if there is a complete failure of the network) then in these situations you do not have to pay all charges due until the end of the minimum period but you may have to make a payment in respect of your mobile equipment. In this case the payment would be the value of your remaining handset charges. You will make this payment to us immediately on request following the agreement coming to an end.
